ND 1800 G3

NETTDRIVEN BINAURAL NOISE CANCELLING CALLCENTER HEADSET, G3

DESIGNED FOR AGENTS

ND1800G3 Binaural Call Center Headsets was specifically designed based on most important factors requested by contact center managers and stakeholders:

1. Crystal Clear Audio Quality

- Background Noise Cancellation.
- Stereo Sound Quality.
- Wideband Audio (HD Voice).

2. Comfortably Durable for all-day use

- Mic : Agent controlled mic position using flexible boom.
- Earpiece : Swivel type, movable to minimize ear stress.
- Headband : Adjustable headband that fits disparate head sizes.
- Consumables: Field replaceable foam and leatherette pads

3. Price Performance and Flexibility

- Interchangeability: Connect-Disconnect plug.
- Asset Tag : Individual serial numbers for headsets and cables.
- Warranty : 12,24 or 36 months warranty.
